RE: Modification to Region 5, 700 MHz Allocation Spreadsheet, Docket 02-378

Marlene H. Dortch
Federal Communications
Commission Office of the Secretary
445 12th street, SW
Washington D.C. 20554

Dear Secretary Dortch:

Please accept this amendment to the Region 5 700 MHz allocation spreadsheet for approval. This change adds channels 209-210, 329-330, 409-410, 429-430, 529-530, 551-552, 579-580, 591-592, 605-608, 611-612, 619-620, and 633-636 for City of Los Angeles. The City of Los Angeles operating area is more than 70 miles from all adjacent regions so no concurrence was requested from those regions. Also Note these allotments are fill-in and may not work for all operating areas of the City.

Given the distance from the other adjacent regions, we believe this should be considered a minor amendment. Also attached is the proposed new spreadsheet showing these changes in red font.

Sincerely,

A handwritten signature in black ink, appearing to read "David Buchanan", with a long horizontal flourish extending to the right.

David Buchanan, Chair
Region 5 700 MHz Regional Planning Committee
